Alexandria, VA 22313-1450

Sir:

In response to the restriction requirement set forth in the Office Action mailed September 14, 2005, Applicant hereby provisionally elects Group II, Claims 14-19, 22, 24-28, and 29-42 for examination.

The Examiner has required restriction between Claims 1-13 (Group I), drawn to an antibody against IL-6 receptor protein and Claims 14-19, 22, 24-28, 29-42 (Group II), drawn to a method of treating or preventing inflammatory bowel disease. Restriction was required because the Examiner thought that the product as claimed can be used in immunochromatography, in immunoaffinity or in immunchistochemistry methods. Applicant hereby provisionally elects Group II, Claims 14-19, 22, 24-28, and 29-42 for examination.

Applicants now await a first substantive action on the merits. Should there be any question regarding this application, the examiner is invited to contact the undersigned at the local exchange listed below.

Respectfully submitted,
